

Bringing up the Boy by Carl Werner

Read by Donald Cummings. Total running time: 01:42:35

Bringing up the Boy proffers advice for parents on raising boys from infancy until adulthood to become fine, upstanding men. The fact that boys are temperamentally, emotionally and physically different from girls is never lost sight of in the discussions in the various chapters. The author's advice comes from his experiences in raising his own boy, and the fact that he was once a boy himself. Many parents often forget that they were once boys and girls themselves.
